RSL Shuttlecocks

THE MOST IMPORTANT PIECE OF EQUIPMENT IS THE ONE YOU HIT

Affordable goose feather quality with great durability – even in cold climates.

RSL Classic Club is an affordable goose feather shuttlecock designed for recreational play and training.

Goose feathers are particularly well suited to colder climates, as they are more flexible and therefore maintain their playing characteristics.

The shuttlecock is also developed with a strong focus on durability, making it an excellent choice for both training and recreational play.

Goose feather in affordable quality. Ideal for training and recreational play. Great playing performance even in colder climates. Built for durability and saving the club money on shuttlecocks.

With a strong focus on durability, precision, and performance, RSL shuttlecocks are the preferred choice for players and clubs around the world.

When you choose RSL, you choose the best playing experience on court – and quality above all.
